PRICE FIVE CENTS

YUAN HELD TO ACCOUNT FOR CHINA OUTRAGE

KUHIO WILL PUT TAFT IN SHADE

Ratification Tonight Will Include That of the Delegate

While the Aiea Park mass meeting tonight is called as a Taft-Sherman ratification, with the pictures of these two candidates appearing on the bandstand, the gathering will be largely tinged with Kuhl's sentiment and the picture of the Delegate will have a prominent place in the decorations with those of the Republican national candidates. Incidentally the Kuhl-Frear controversy will not be cast into the limbo of forgotten things but will be thoroughly ventilated for the twentieth time by no less a person than Kuhl and from his point of view. Naturally, no seat has been reserved for Governor Frear on the platform, although all of the Republican Supervisors will have chairs, together with Senators and Representatives who are seeking re-election and several federal office holders who will be present (those including R. W. Breckons who will preside and Collector of Internal Revenue Collector Cottrell, who is slated for a speech).

The chief speaker of the evening will be Kuhl, who states that he will explain his position and outline the platform on which he is running. Home Rule Support.

The support which the Home Rule party plans to give Kuhl will be represented by Charles Nottley and D. Kahanokalani, Sr. The latter recently announced himself as a Progressive, but apparently retains his connection with the Home Rulers and has no sentimental objection to sitting on the platform at a Taft-Sherman ratification meeting. Mayor Fern, a Democrat, it is announced, may be present.

The speakers for the evening as announced are: Delegate J. K. Kahanokalani, Hon. C. F. Chillingworth, Hon. Cecil Brown, Hon. A. D. Castro, Hon. John C. Lane, Hon. David Kanihika, Lorrin Andrews, R. W. Shingle, Geo. A. Davis, E. A. Donohitt, A. L. Castle, Ed. Towse, and C. A. Cottrell.

Seats have been provided on the platform for the following: D. Kahanokalani Jr., John W. Cathcart, F. W. Milverton, A. M. Brown.

PICKED HAWAII POLO TEAM TO VISIT COAST

All-Star Aggregation With 20 Ponies to Play at Coronado

WILL MEET PICK OF PACIFIC COAST

Winning of Cup Means High Honors in the World of Sport

That Hawaiian polo is right up to the highest standards of the game is the opinion of experts who have watched matters here, on the mainland, and abroad. Heretofore it has been merely an opinion, but this coming winter there will probably be a chance to verify or disprove theory by experiment.

An All-Hawaii polo team is contemplating a polo invasion of California next February, to play at Coronado for the championship of the Pacific Coast. Players from the Islands will go against the pick of Burlingame, Santa Barbara, Riverside, and Pasadena clubs, and also against the English team that is organized each season by crack players from across the water, who make a polo pilgrimage to the West Coast. The Coronado tournament is considered as next in importance to the Polo Association senior championship at Newport, and it is said Hawaiian players can manage to land the title they will be lifting a cup that carries with it high honors in the world of sport.

Five players, probably the pick of the Islands, and all of them experienced tournament players, have agreed to make the trip, and already correspondence is crossing the Pacific relative to dates, arrangements, and the hundred details that have to be attended to in launching a polo venture of this magnitude.

The provisional team is composed of Walter F. Dillingham and Harold Castle of Honolulu, Frank Baldwin and Harold Rice of Maui, and Arthur Rice, formerly of Kauai, but now playing under Oahu colors. The best ponies of the Oahu, Maui and Kauai clubs will be collected and a string of about twenty taken along. The team will be superbly mounted, and it is doubtful if any aggregation in the tournament will have any advantage in the way of horsemanship.

The Coronado tournament is usually held in late February or early March, and arrangements are being made with these dates in view. The Hawaii team, if it goes at all, will go with the serious intention of playing the best polo that the Islands can produce, and that means that there is a good chance of its landing the premier honor of the Coast.

LYMAN QUILTS, RESIGNATION SENT TO FREAR

Secretary of Hawaii License Commission, Charged With Embezzlement, Is Out

NO EXPLANATION OF ACT IN HIS LETTER

Governor Accepts Resignation and Declines To Discuss Subject Further

Governor Frear this morning received the resignation of Rufus A. Lyman Jr., secretary of the board of license commissioners for the county of Hawaii. It was accepted.

The communication came as a letter from Hilo, but it contained nothing further than the statement that "I herewith tender my resignation of the office of secretary to the board of liquor license commissioners," and offered no explanation, defense of his position or statement concerning the scandal that has arisen at Hilo following the report of H. Gooding Field on the accounts of the county officials there.

Further than the announcement that he has accepted the resignation, the Governor declines to discuss the subject.

The shortage in Lyman's accounts is alleged to be about \$6500.

E. F. BISHOP TO HEAD CHAMBER OF COMMERCE

How "Our Jack" Fought for and Won Representation for Territory

E. Faxon Bishop, president of C. Brewer & Co., Ltd., will be the new president of the Chamber of Commerce, to be elected at the annual meeting of that body tomorrow afternoon. Frank C. Allerton will be the vice president. H. P. Wood will be reelected as secretary.

Although the nominating committee appointed by President Spaulding is holding back its report from publicity before the meeting, the names of the three executive officers as stated above were ascertained on the street by a Star-Bulletin reporter this morning. The nominating committee will submit the names also of the new board of directors, in which there will probably be few changes, as the present board is thoroughly representative and composed of "live wires." E. D. Tenney, John Waterhouse and Mark P. Robinson compose the nominating committee.

This annual meeting will be both interesting and important. Besides the election of officers the presentation of the annual reports of officers and committees will be in order, submitting details of the year's work in all lines, together with recommendations of policy for the ensuing year.

President E. I. Spaulding, according to a statement he made at last meeting of the trustees, will deal in his report with harbor and wharf improvements, with relation especially to the opening of the Panama Canal.

Secretary Wood will give an elaborate review of the past year's activities of the chamber.

An exhaustive report will be presented by the committee on harbors, shipping and transportation, which has been one of the busiest committees of the period. E. E. Paxton is chairman, the other members being E. D. Tenney and E. H. Wedekind.

The meeting will open at 2 o'clock p. m., in the rooms of the chamber, Stangenwald building.

As the invited guest of Chicago University and other institutions, Professor Caspar Rene Gregory of the University of Leipzig, Germany, traveled nearly 23,000 miles in the United States and Canada during the past year, lecturing before institutions in twenty-six states of the Union and nine of the Canadian provinces. Professor Gregory is said to be the only American holding a regular professorship in a German university.

Men and women aroused from sleep filled the street outside and watched the fire department, under the direction of Fire Chief Thurston, drench the building.

Dogs barked, children yelled, women scolded and such a general uproar was raised by the neighborhood that the guests of the Myrtle rooming house adjacent were given the impression that it was the hotel that was

Gen. Booth Sinking; Hope Is Abandoned

LONDON, Eng., August 20.—Gen. William Booth, founder of the Salvation Army, is sinking rapidly today, and hope has been abandoned for his recovery.

BULL MOOSE BUTT INTO HAWAII ATKINSON'S REPORT IS MADE

How "Our Jack" Fought for and Won Representation for Territory

A. L. C. Atkinson, Hawaii Progressive delegate to the Bull Moose convention at Chicago, waged a vigorous "campaign of education" on the subject of Territories in general and Hawaii in particular during the convalescence in the Windy City. He found most of the delegates bitterly opposed to giving Hawaii representation, and this Territory was attacked on the ground that Hawaii is not "developing along traditional American lines."

Such is the news conveyed in a lengthy report that Mr. Atkinson has sent to the Progressive party here. The report, which is addressed to George R. Carter, chairman of the Progressive Party of Hawaii, begins with August 1. After telling of his trip to Chicago, and the Roosevelt sentiment prevailing, Mr. Atkinson says that he went to see Senator Dixon, the Roosevelt manager, to discuss representation for Hawaii. He tells of Dixon's opposition and his own arguments, resulting in Dixon's yielding so far as Hawaii was concerned.

Roasts Holstein. Telling of the work he did to get representation, Mr. Atkinson says: "It is very doubtful in my mind that they will allow us representation, as a number of delegates here are still smarting under the unjust action of the former national committee, Holstein; his actions are the biggest things I have to buck against. And let me say right now, that should Hawaii suffer in future by not having proper representation, no one will

LODGERS FLEE IN "NIGHTIES" FROM ROOMING HOUSE BLAZE

Midnight Blaze Due to Rubbish Pile Threatens Two Buildings

Fire broke out in the Star block at Kukui and Fort streets shortly before midnight last night, and drove pajama-clad men and women in night robes to the street, and caused a general panic in the Myrtle rooming house adjoining. Owing to the nearness of the fire station, which is one block away, the damage done was slight.

The fire started in a pile of old mattresses and other rubbish which had been thrown on the ground directly at the rear of the building and was caused by a tenant of the building knocking the ashes from his pipe onto the pile, which ignited.

Instantly a column of flame shot upwards, the cry of "Fire!" was raised on all sides, and the frightened tenants of the building crowded the stairways in their haste to escape from what at first looked like a serious conflagration.

Men and women aroused from sleep filled the street outside and watched the fire department, under the direction of Fire Chief Thurston, drench the building.

Dogs barked, children yelled, women scolded and such a general uproar was raised by the neighborhood that the guests of the Myrtle rooming house adjacent were given the impression that it was the hotel that was

Of the 523,000 public school teachers in the United States more than four-fifths are women.

ORDER YUAN TO EXPLAIN KILLING

China's President Must Now Tell Why Generals Were Summarily Executed--May Be Impeached--Rumor of Dr. Sun's Murder Unconfirmed

PEKING, China, August 20.—The national assembly has formally given President Yuan Shih-Kai three days to explain the executions of the generals accused of a rebel plot. If the explanations are not satisfactory to the assembly, Yuan Shih-Kai will be impeached.

SAN FRANCISCO, Cal., August 20.—The reports that Dr. Sun Yat Sen, founder of the Republic of China, was assassinated yesterday at Peking have not been confirmed.

House Agrees To Build One Dreadnaught Wardog

WASHINGTON, D. C., August 20.—The House today adopted the conference report on the naval appropriation bill, calling for the construction of one battleship of the dreadnaught type at a cost not to exceed \$10,000,000. Naval experts today predict that the Panama Canal will limit the size of battleships to that of the Oklahoma—27,000 tons.

Lieut. Becker Indicted

NEW YORK, N. Y., August 20.—Lieut. Charles Becker was formally accused of the complicity in the murder of the gambler, Herman Rosenthal, today, when the grand jury which has been probing the killing and the relations of the "graft syndicate" and the police force indicted Becker for murder. The indictment of the police lieutenant, who, as head of the squad that raided the gambling houses, is alleged to have furnished protection and received vast sums of money for it, was accompanied by the indictments of two gunmen and underworld characters, "Lefty Louis" and "Gyp the Blood." The two latter are said to have been concerned in the actual murder.

Seven Must Hang In California

SAN FRANCISCO, Cal., August 20.—The petitions against capital punishment in the State of California have failed and seven men sentenced to death and whose fate has rested on the result of the petitions, must hang in September.

Marshall Is Notified, Too

INDIANAPOLIS, Ind., August 20.—Judge Alton B. Parker was the man who today officially notified Gov. Thomas R. Marshall of Indiana of his nomination for the Vice-Presidency on the Democratic ticket.

REPUBLICAN CAMPAIGN TREASURER NAMED AGAIN

WASHINGTON, D. C., Aug. 20.—Treasurer Sheldon of the Republican national campaign committee has been named again for that position.

WOULD FORCE SUPERVISORS TO ABATE DANCE HALL EVIL

Humane Society Will Insist on Passage of Ordinance Desired

"The board of city and county supervisors will be forced to take some steps toward checking the progress of the dance-hall evil in Honolulu," insisted a member of the local humane society, a caller at city hall today to make inquiry as to what the board is doing toward an abatement of the nuisance.

An ordinance has been drafted which if passed by the city fathers would give to the police department the necessary power to close up a number of dives and dance halls that now flourish in several densely-populated sections of the city.

The regulation as drafted was presented to the board a number of weeks ago. That body in turn passed the ordinance to the city and county attorney's department. For some reason the regulation has not been reported back, though it has been in the hands of the city's legal department for sufficient time to have been amended or, at least, framed up to pass muster in the courts should its legality be contested.

The supervisors are to hold a regular meeting this evening. It is understood that one or more members of the board who are favorable to the regulation of dance halls and like questionable places of amusement will endeavor to have the ordinance brought before the municipal legislative body for a passage on first reading.

It is generally conceded that much opposition will be found to the final passage of this ordinance. The antagonism will come from a portion of the city where large blocks of votes are forthcoming at city and county elections. For that reason the local backers of the humane society are prepared to carry the battle through to a finish, with a view to correcting an evil that for years is said to have pursued the even tenor of its way unchecked and unmolested.

Supervisor Eben Low is numbered among the staunchest supporters of the dance-hall ordinance.

WOULDN'T STAY IN HOSPITAL, GREATLY PLEASED WITH JAIL

"Battling" McPherson Gives Police Busy Day in Picking Him Up

When the police patrol picked up Jack McPherson at River and Beretania streets yesterday evening, he was covered with blood, the result of a deep gash over the right eye received from a fall. The wounded man was also in a state of intoxication, but as it was thought that he might be seriously injured, he was rushed to the Queen's Hospital.

At 10 o'clock the same evening, the patrol wagon picked up an insensible form, very drunk and dirty at River and Beretania streets. He was taken to the police station and when his features were turned to the light he was recognized as the same man who had been hurried to the hospital four hours before.

MOKUAWEOWEO IN ACTION, REPORT

[Special Star-Bulletin Correspondence]

HILO, August 13.—That Mokuaweoweo has broken out and that there has been a lava flow is the rumor that is persistent about town. At the same time, no confirmation of the fact can be obtained from any reliable source.

Sam Parker, Jr., left town this morning to return to his ranch and it is expected that by the time he gets there on Wednesday the first authentic news of whether the long expected lava flow has started will be obtained.

The flow is supposed to have taken place on the side of the mountain facing the Parker ranch and will therefore be plainly visible from it if the lava is really being vomited forth.

This morning Kona was communicated with in a further endeavor to
